Assignee, through its undersigned attorney of record, hereby disclaims the terminal part (if any) of any patent granted on the above-identified application which would extend beyond the expiration date of the full statutory term of the first-to-expire of any of the following patents:

- 1) U.S. patents nos. 6,549,616; 6,690,677; and 6,757,368, plus any extension thereof which may be subsequently granted;

Assignee does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term of the first-to-expire of the above-identified patents in the event that, prior to the expiration of the full statutory term thereof, said patent expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321(1), has all claims cancelled by reexamination certificate, is reissued, or is otherwise in any manner terminated prior to expiration of its full statutory term. No admission is made that any claim of the above-identified application is obvious over any claim of any of the above-identified patents.

The statutory disclaimer fee of \$55.00 for a small entity per 37 C.F.R. §1.20(d) is attached.

Respectfully submitted,
